

Metal Structured Packing

Product No.: KPK-MSP

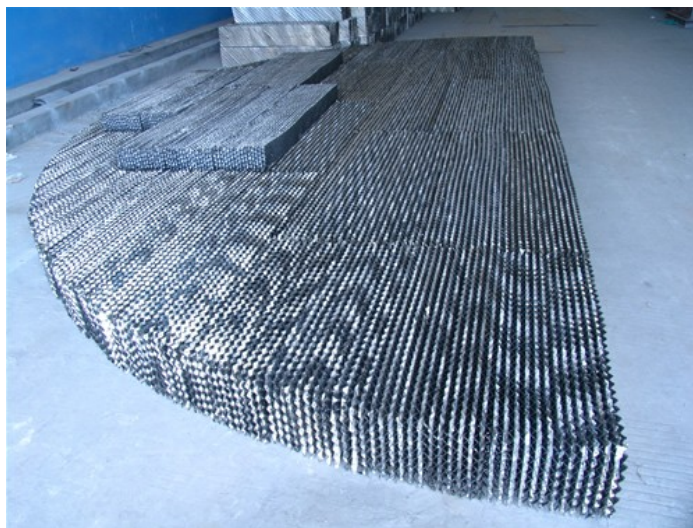

Illustration 1: Metal Structured Packing(KPK-MSP)

CHEMPACK Metal Structured Packing include perforated & corrugated plate, corrugated plate gauze, pricked & corrugated plate, corrugated wire gauze and ,annular corrugated plate.

Materials: S.S.302, 304, 316, 316L, 317, 317L, C15, stainless steel,carbon steel, copper, alloy

Advantages:

- a) Small pressure drop
- b) Big flow
- c) High efficient distribution

Application: widely used in the reactors in fine chemical industry, petrochemical industry, and fertilizer industry as mass transfer media.
