

Metal Conjugate Ring

Product No.: KPK-MCR

Illustration 11: Metal Conjugate Ring(KPK-MCR)

This product combines the advantages of ring and saddles. The structure of the product is conjugate curve, and Metal Conjugate Ring has some features of structured packing for its uniformity holes and low resistance.

Application: Distillation, gas absorbing, desorbing system

Size & Specification:

Product Name	Size mm	Diameter* Height* Thickness mm	Surface Area m ² /m ³	Void Space %	Bulk Density kg/m ³	Number/ m ³	Packing factor m ⁻¹
Metal Conjugate ring	Φ25	25×25×0.3	185	95	312	75000	216
	Φ38	38×38×0.5	116	96	275	19500	131
	Φ50	50×50×0.8	86	96	275	9770	97
	Φ76	76×76×1.0	81	97	245	3980	95
